### ORDER

On March 24, 2025, the government filed a status report and its second partial consent motion to extend the remand period. [ECF 153]. The government indicates that “several matters have complicated the agency’s review on remand,” including changes in agency policy, the retirement of the source selection authority, the time-intensiveness of the review of the allegations concerning Historically Black Colleges and Universities, and issues regarding the source selection tool repository. *Id.* at 3. As a result, the government requests “to extend the remand period by 100 days, to and including Wednesday, July 2, 2025.” *Id.* at 2. The government also indicates that thirty plaintiffs and the defendant-intervenor consent to the motion, and that seven plaintiffs take no position. *Id.* at 2-3.

For good cause shown, the Court **GRANTS** the government’s motion and **EXTENDS** the remand period **through and including July 2, 2025**. The government **SHALL FILE** a status report **on or before May 13, 2025**, and a status report **on or before July 2, 2025**, keeping the Court informed of its progress on remand. The case shall remain stayed during the extended remand period. *See* Remand Order [ECF 100] at 2.

**IT IS SO ORDERED.**
